[redacted] feels that [redacted] of the trainees will have earned promotions by reason of their performance by the end of this tour of duty. He will take up the matter with his Division Chief. I suggested that the Division recommend such promotions as seemed desirable and that we will consult the offices to which the trainees are scheduled to go. If the proposed promotion will not interfere with their planned placement, we will then consider the promotion. I personally feel that promotions in these cases are desirable.

25X1

The trainees should return at the end of June or early in July. [redacted] should arrange a debriefing for them at this time.
